What are Comparison Rates?

New Comparison Rate Legislation became effective from the 1st July 03.

A comparison rate is an effective interest rate for any home or personal loan product, excluding continuing lines of credit. The comparison rate incorporates the annual percentage rate and any ascertainable fees, for example; Application, Valuation, Solicitors, Monthly or Annual fees; Government and contingent (redraw etc) fees are excluded.

The legislation has been introduced so that consumers can fairly assess competitor interest rates.

This Schedule of Interest Rates forms Part 4 of Lysaght Credit Union's Product Disclosure Statement (PDS) for Savings Accounts, Payment Services and Term Deposits dated 1st July 2005.

This PDS is current from the above date and includes: Part 1 – Product & Services Summary, Part 2 – Terms & Conditions, Part 3 – Schedule of Fees & Charges, Part 4 – Schedule of Interest Rates.
